

*is excited to partner with*

At Heartland Orthopedic Specialists, we are dedicated to ensuring that parents, coaches, and athletes have access to athletic trainers in a timely fashion using the most up to date technology. That's why we have partnered with Healthy Roster, a virtual athletic training and injury-tracking app, to provide on-demand athletic trainer services.

**With the Healthy Roster app:**

- Parents, coaches, and athletic trainers receive timely injury updates.
- Coaches and parents can video chat with certified athletic trainers wherever they are, whether it is on the field or at home, from the convenience of their smartphone, tablet, or computer.
- Provides a HIPAA compliant form of communication amongst athletes, parents, coaches, and athletic trainers.

To get signed up visit:

[www.heartlandorthopedics.com/healthy-roster](http://www.heartlandorthopedics.com/healthy-roster)

and fill out the 'Interested in Learning More' form.

*After completing the online form, within 72 hrs you will receive an invitation code.*

*For more info – check out the FAQ page for Healthy Roster on our website.*
